

TeleCom/Cabling Installer Boot Camp

Next **Free** TeleCom/Cabling Installer Boot Camp Training will be held **February 7, 2017 – April 28, 2017**

This 12-week boot camp is designed to provide entry level TeleCom/Cabling installers with the background, knowledge and basics skills needed to function effectively on the job. It teaches the importance of safety, as well as safe practices and procedures.

The hands-on boot camp covers basic concepts of telecommunications equipment and cable installation and other skills needed in the telecommunication field. Earn college credits and up to 15 nationally recognized industry certifications.

As a student you will learn:

- Copper and fiber optic termination.
- Termination, basic testing and troubleshooting.
- Fire stopping and fire safety practices - install fire stop systems in classroom simulations.
- Industry codes and standards, industry best practices, and professionalism.

Interested in learning more? Attend a **Classroom Expectations** and a **What it Really Means to be a TeleCom Installer** information session.
