Daniel Schultz and Ewa Wludcka were present and answered questions from the committee.

STAFF RECOMMENDATION(S)

Staff supports the proposed use, as it appears to be needed and fits with the other uses in the area, however, additional information regarding the potential noise from the truck wash dryer, landscaping, lighting, and elevation plans are required for the Committee to make an informed decision on the possible effects to the area businesses located in close proximity. Staff recommends laying over this item until more information is provided for clarification.

DECISION

PRINGLE MOVED, seconded by Gleason, to lay over the conditional use petition for up to 90-days requesting that additional information be provided to the Committee. The owner/applicant must provide a professional and more complete site plan, illustration of building elevations, landscaping plan, lighting plan, and documentation regarding potential noise from potential dryers, if the truck wash is equipped.
