MEMORANDUM

TO: Racine County Finance and Human Resources Committee

FROM: Julie A. Anderson, Director, Public Works & Development Services Director

SUBJECT: Request for one percent pay increase for highway crew, formerly "Teamsters"

In accordance with the Racine County Human Resources Manual, I am requesting permission of the Committee to approve a one percent pay increase effective July 1, 2018 for the Racine County highway crew.

The highway crew is in a tiered pay system that is different from the rest of the Racine County full time employees who are eligible for merit pay on their anniversary date.

The total increase would cost \$29,313. This impacts a total of 55 FTE highway crew. This does not include the management team, as they are in the merit pay system.

Of that total, \$12,958 would be covered by the State.

The impact on the 2018 levy is \$16,355.

We have sufficient funds to cover the requested increase.

Thank you for your assistance. I appreciate your kind consideration.

Re: Additional Funding for Racine Vocational Ministries (“RVM”)

In the 2018 Budget, the County Executive included \$15,000 for the Racine Vocational Ministries (“RVM”) for operational funds for the RVM’s Second Chance Reentry Program. The signed MOU allowed for an additional \$15,000 in July to be paid to RVM for the Second Change Reentry Program upon receipt of a report to the County Executive’s Office that demonstrates positive, measurable results, including an increase in the number of customers served and impeccable tracking methods. The County Executive’s Office has received this report and is amenable to give the second \$15,000.

4
5 **WHEREAS**, the SOTER RS Full Body Scanner is the leading industry contraband detection
6 scanning system and is currently being used in Sheboygan and Kenosha County as well as others in
7 Wisconsin; and

8
9 **WHEREAS**, the SOTER RS is a low dose X-ray scanning system that detects all types of dangerous
10 or illegal substances such as liquid explosives, drugs, copper wires, plastics etc.; such items would be
11 considered contraband within a correctional facility and pose a danger to the safety and security of the
12 facility, the inmate population, and the staff; and

13
14 **WHEREAS**, the SOTER RS Full Body Scanner is the most clear, concise, and user friendly option of
15 body scanners, and the Racine County Sheriff's Office requests authorization to purchase one scanner
16 for use at the Racine County Jail; and

17
18 **WHEREAS**, the X-ray examinations proposed will include inmates passing through the SecurPass
19 full body scanner to provide an image of the inmate's entire body. The image produced will allow the
20 operator of the scanner to detect contraband hidden under clothing or inside of a body cavity; and

21
22 **WHEREAS**, Current methods of searching inmates entering the facility include pat searches,
23 custodial searches and strip searches as allowed by current state law. Although such searches have
24 proven to be effective in locating some contraband in the past, they fail to detect contraband hidden
25 within a body cavity. The use of the SOTER RS will enable security staff to detect and locate
26 contraband that cannot be detected using current search techniques; and

27
28 **WHEREAS**, the SOTER RS screening system has been installed by OD Security North America.
29 The system has further been inspected and registered by the State of Wisconsin Department of
30 Radiation Protection. Exposure to a screened individual is 1.8 uSv per scan. The system self-calibrates
31 before each scan and a dosimeter controls the exposure during screening. The dose of exposure is
32 recorded by the system and tracks the accumulated exposure for every individual scanned; and

33
34 **WHEREAS**, the images produced will be viewed by Sheriff's Office jail staff who have been trained
35 as SOTER RS operators by OD Security; each operator has received a Certificate of Completion as
36 documentation of the training; and

37
38 **WHEREAS**, the images produced by the SOTER RS system will be retained on a secure, stand-
39 alone server and will only be accessed by trained staff; the images will be retained in accordance with
40 records retention policies of Racine County; and

41
42 **WHEREAS**, most inmates will be screened one time, during their initial intake to the facility. Inmates
43 leaving the facility for Work Release and inmates performing work details could be screened once per
44 day; the screening program will be ongoing; and

45
46 **WHEREAS**, the Sheriff's Office intends to purchase two body scanners and have them in use by the
47 end of 2018; and

48
49 **WHEREAS**, the individual cost of each body scanner is \$118,750.00 which includes shipping,
50 installation, calibration and testing, operator and administrator training, and a two-year full warranty; the
51 cost of hardware is \$2,139.00 for the computer system; the cost of software is \$2,400.00 annually; and
52 the cost of the warranty for the third and each subsequent year is \$9,750.00 per year; and
