QUARRY LAKE PARK TO TEMPORARILY CLOSE

Work will eradicate algae growth from the lake

Racine – Quarry Lake Park will close for approximately one week to allow work to improve the water clarity of the lake.

The park will be closed, weather permitting, from September 26 through October 4. A contractor will be on site performing work that includes applying a safe treatment to eradicate algae growth in the lake, said Julie Anderson, Racine County Public Works and Development Services Director.

The Wisconsin Department of Natural Resources is overseeing the work and has issued permits to apply the treatment. The treatment is expected to cover the entire seventeen acres of the Quarry Lake at a cost of about \$24,000. This money was budgeted by the County as a 2018 expense and was also approved by the Racine County Public Works, Parks & Facilities Committee.

The Karen A. Nelson Dog Park at Quarry Lake Park will remain open during this project.

Questions can be directed to Julie Anderson at 262.886.8440 or Julie.Anderson@racinecounty.com.
