Statement to Employee Statement to Employee

Coronavirus disease 2019 (COVID-19) is a respiratory disease that can result in hospitalization or death, even for young people with no underlying medical conditions. You can help prevent the spread of COVID-19 by staying at least 6 feet away from others, avoiding touching your face, coughing and sneezing into a tissue or an elbow rather than your hands, and washing your hands with soap and warm water for at least 20 seconds. Hand sanitizer can be used if soap and water are not available.
