Racine County total: 1,710 confirmed, 266 probable, 10,717 negative, 36 deaths
Positive test percentage: 13.7%

Central Racine County and City of Racine Health Department
Increased testing is a key part of reducing the spread of COVID-19, and we're pleased to partner on more testing opportunities in Racine County.

The Central Racine County Health Department, City of Racine Public Health Department, and Racine County are partnering with the Wisconsin National Guard to hold a three-day, free drive-thru clinic June 2-4 at Case High School, 9 a.m. to 6 p.m. each day. More information is available here. An additional clinic is being planned in the City of Racine during the week of June 15 - more details to come.

And don't forget the clinic currently underway at Festival Hall continues Saturday from 11 a.m. to 5 p.m.
