ALERT!

Serious adverse health events have been associated with methanol-based hand sanitizers. Most commercially available alcohol-based hand sanitizers or rubs (ABHSR) contain either ethanol or isopropanol as active ingredients. On June 19, 2020, the U.S. Food and Drug Administration (FDA) advised consumers not to use any hand sanitizer manufactured by "Eskbiochem SA de CV" in Mexico, due to the potential presence of methanol, a "toxic alcohol", as an active ingredient, which can cause blindness and/or death when absorbed through the skin or when swallowed. For more information, go to: <https://www.fda.gov/drugs/drug-safety-and-availability/fda-updates-hand-sanitizers-methanol>.

BBB Warning: Mask exemption cards are fake

By [Better Business Bureau](#). June 30, 2020

The United States Department of Justice (DOJ) is [issuing a warning](#) regarding those who may see a card or flyer stating that the owner is exempt from wearing face masks. The information was not issued or endorsed by the DOJ. A card circulating online by a group calling themselves the Freedom to Breathe Agency, claiming the holder is lawfully exempt from wearing a mask endorsed by the American with Disabilities Act, is simply not valid. . . .

An [official alert](#) from the Department of Justice and the [American With Disabilities Act](#) states that they are not the distributors nor endorse the information on these cards that are being distributed by the group.

[Gov. Evers Announces Statewide Efforts to Distribute PPE to Schools, Food Processors, Businesses](#)

MADISON — Gov. Tony Evers today announced additional efforts to distribute personal protective equipment (PPE) to schools, food processors, and businesses across the state. Wisconsin Emergency Management (WEM) will begin shipping more than 2 million cloth face masks and more than 4,200 infrared thermometers to K-12 public, charter, and private schools throughout the state. The Wisconsin Department of Agriculture, Trade, and Consumer Protection (DATCP) is also helping to facilitate the delivery of approximately 60,000 masks to local food processors and businesses. State to Distribute PPE to Schools, Food Processors, Businesses

Did You Know . . . ?

The **State Emergency Operations Center** reported that there has been a 49% increase in cases [statewide] over the last 2 weeks. It is crucial that residents adhere to strict social distancing guidelines, wear face masks, and practice good hygiene so we can protect our fellow residents and prevent another rise in cases locally.
