## **2 INTRODUCTION**

Racine County is seeking proposals from qualified firms to provide exterior enclosure design and construction review services for the development and implementation of a new Residential Care Center for Children and Youth at the property described in Exhibit D to the RFP.

The project total budget for hard and soft construction costs is anticipated to be \$41,200,000, includes an estimated total construction cost of this project is \$34,800,000.

The project team includes the following firms:

- Owner – Racine County
- Owner's Representative | Construction Manager Advisor – Gilbane Building Company
- Architect and Engineer of Record – Ramlow/Stein+TreasorHL

This is a Request for Proposal, not an Invitation for Bid, and responses will be evaluated on the basis of the relative merits of the Proposal, in addition to price.

Racine County has decided to engage the services of an Exterior Enclosure Consultant firm to perform exterior enclosure design and construction review services to inform pending building design and construction. The purpose of this Request for Proposal is to identify experienced Exterior Enclosure Consultant firms with the best combination of qualifications and proven practice to deliver the logs and reports efficiently and effectively with respect to time, cost, and function.

## **3 PROJECT DESCRIPTION**

Racine County was awarded a grant for design and construction from the State of Wisconsin. The proposed design is a 48-bed facility, approximately 70,000 square feet, co-locating an SRCCCY and Detention Center. Both male and female youth from Racine and surrounding southeastern Wisconsin counties including Kenosha, Walworth, Washington, Ozaukee, Waukesha, Rock, and Jefferson will be served.

The Project Program (Exhibit E) is a draft for work that has been completed to date. Given that 85% of Wisconsin's juvenile correctional placements originate from the Southeastern region of the state, Racine County Human Services Department (RCHSD) is strategically placed to serve the needs of the community. The state-of-the art facility will incorporate a trauma informed approach, offering rehabilitative programs including mental health and substance abuse treatment.

Selected site is at 1717 and 1720 Taylor Avenue, Racine Wisconsin (Exhibit D – Site Plan and Exhibit F – Case History). Racine County is purchasing the additional land in preparation for this new project. Additional parking and relocated parking will need to be incorporated with the project for both the new SRCCCY and the existing Racine County Human Services Building requirements.

The primary goals of RCHSD’s SRCCCY will be to provide safety for the community while increasing educational achievements and reducing the recidivism rate of youth served within the juvenile justice system. RCHSD’s existing 180/365 program (Alternatives to Corrections through Education, or “ACE”) demonstrates superior outcomes with regard to recidivism. Seventy-five percent (75%) of Racine ACE youth do not receive felony charges within one year of ACE completion compared with 0% Racine youth in the first 6 months of discharge from a correctional setting. ACE also boasts significant educational outcomes for youth who complete the 21-week program. The average credits earned by Racine youth placed at Lincoln Hills is 0.5 credits over an approximately 12-month placement period whereas Racine youth who successfully complete the ACE program earn an average of 4.5 high school credits. RCHSD plans to increase educational offerings in the SRCCCY by expanding the school day from 3 hours per day to 7 hours and incorporating vocational and technical certifications and career pathway opportunities through our Workforce Solutions Division and community partnerships. RCHSD is presently in discussions with Racine Unified School District to begin extending the school day in the coming academic year end, with the added classroom space afforded by the new SRCCCY, provide a full day of school experience for youth in our facility. The increased educational and vocational preparation enables youth to return to the community better prepared to participate in their own future and become productive members of their communities. You’ll find the attached exhibits, listed in section 3 of this RFP, further quantify the projects requirements.

A summary of the proposed schedule for the project is as follows, subject to adjustments as the design phase progresses:

Phase	Timing
Design	October 2020 - June 2021
Construction Start	May 2021
Construction Complete	July 2022

### 3.1 Evaluation Criteria

Final Evaluation will include, but not be limited to the following: relevant similar project experience, strength of proposed project team, ability to produce quality complete documents on time, ability to meet the Economic Inclusion Plan, work as an integrated team, and general project approach; along with overall value of the proposal as a whole.

Following the submission of proposals, Racine County will short list firms that will be invited to a personal interview prior to final selection.

RFP selection will be based on the following criteria and weights:

Criteria	Weight
Project Team Experience	20%
Firm Experience	20%
Project Understanding/Approach	20%
Fee Proposal	20%
The ability to meet the Economic Inclusion Plan (Exhibit I)	20%
	100%

If an acceptable agreement cannot be reached within two weeks of the initial selection, Racine County will initiate negotiations with the next highest rated firm.
