Typical calls may involve a person barricaded in a building, someone threatening harm to themselves or others, or a wide variety of other crisis events that threaten the safety of the community.

Upon joining the team all members attend an initial block of advanced training. From there they receive ongoing monthly training. All members also attend additional courses and seminars to enhance their skills. The CNT has received training from many sources, including, the FBI, National Tactical Officers Association (NTOA), and Wisconsin Crisis Negotiators Association.

Racine County Crisis Intervention Team

Racine County started the current C.I.T. program in the April 2009 through the assistance of then County Executive McReynolds and the local branch of NAMI (National Alliance of Mental Illness) who saw a need to train local members of the Law Enforcement Community who were responding to calls for service involving those suffering from a mental disorder or in crisis.

Since the program's inception in Racine County, we have had 14 classes graduate, consisting of officers from every Law Enforcement Agency throughout Racine County; approximately 292 Officers have completed the 40 hour course, and 76 Officers have completed the CIT Advanced course.

Officers attending this course of study learn from local experts in the field of mental health and from consumers themselves on ways of better handling their crisis at the time of the call. In short, the CIT works to find better, safer ways to handle these calls.

The Racine County C.I.T. program, partnered with C.I.P. (Crisis Intervention Partner), conducts two 16-hour classes a year geared towards dispatchers, nurses, fire personnel, corrections, HSD and others dealing with people suffering from a mental disorder or in crisis, with approximately 564 trained as of November 2016.

In addition to scheduling trainings for all Sheriff's Office employees in accordance with the Law Enforcement Standards Bureau, the Planning and Training Office oversees operations at the Robert L. Rohner Training Center.

This facility is a joint venture between the FBI, the Racine County Sheriff's Office, and WE Energies. Discussions began during 2003/2004 culminating in a financial commitment by the FBI and WE Energies donating land under the terms of a zero-cost lease agreement. The FBI contributed approximately \$1.5 million for the construction of a building, grounds improvements and a range house to serve the training needs of the FBI, the Racine County Sheriff's Office, and other local police agencies. WE Energies contributed approximately 25 acres of land along with enough clean fill to erect the existing berms on the north end of the range property. The training center is also available to other Racine County Law Enforcement agencies & Gateway Technical College.

The main building on the training center grounds features traditional classroom space on the main level along with bathrooms, showers, and a locker room. The classroom is equipped with audiovisual technology to accommodate various media formats for training and presentations. The lower level contains additional classroom space with a well-cushioned floor and open space for use in dynamic training. The building is climate-controlled year round.

The training center contains both a pistol range and a rifle range to accommodate the different types of weapons systems typically in use by law enforcement. The pistol range is equipped with a range tower that provides a vantage point for observation and it also serves as a control center for the fully automated target system. The architectural design of the training center along with the incorporated technologies ensure that Racine County Law Enforcement training needs are met well into the future.
