Re: Western Racine County Sewage Treatment Board Opening

Dear Mr. Delagrave,

I recently learned of a vacancy on the board of directors of the Western Racine County Sewage Treatment Plant (WRCSD) located at 1020 N River Rd, Rochester, Racine County. I understand you will be involved in filling the opening, I would appreciate very much if you will consider me for the position.

**Brief Background:** I am a lifelong resident of the Town of Waterford. Having lived in Waterford for over 72 years my roots are deep, and I care very much for Waterford and the extended Towns, Villages, people and entities around me. Over the years I served on various boards of directors such as West Allis Chamber of Commerce; United Way finance committees; fire and police commission; multiple Rotary Clubs; Kiwanis; and other entities. I served on the Tichigan Volunteer Fire Company (TVFC) as firefighter, as rescue/recovery diver, and served on the TVFC board as president; served on the Racine County Dive Team as a diver, dive instructor and on the leadership team; and I am currently one of three commissioners of the Waterford Sanitary District and now serving my 8<sup>th</sup> year as president. I am an active member of the Tichigan Lake Lions Club where I am a Birch Strum Fellow and a Melvin Jones Fellow, I served as Corporate Secretary and earned Lion of the Year award, I am president of a 501c3 charitable organization....and I have served the community in various other capacities over the years.

**Qualifications:** I am a graduate of the Milwaukee School of Engineering, and I held a Wisconsin Professional Engineer certificate until approximately 2013 when I retired (copy of certificate attached). Prior to retiring I held various engineering and management positions including managing an engineering department of WE energies, and at other major non-utility corporations where I was charged with full P&L responsibilities and project budgets exceeding \$600M. On a related matter, I am proficient in several computer software programs that are applicable to WRCSD.

**In summary:** I believe my background in engineering, strong financial and budgeting skills, experience in numerous other entities and in many capacities makes me highly qualified operations and resource management. In addition, being retired I have the to dedicate myself, and I have the desire to serve. In balance, I believe I am uniquely qualified for this position.

**References:** Tom Hincz – Chairman, Town of Waterford  
Teri Nicolai – Supervisor, Town of Waterford

Thank you for your consideration and should you have any questions please feel free to contact me.

Sincerely,

Dan Dickinson
