MOUNT ON THE OBERSE SIDE BEHIND OTHER R6-1

EXHIBIT "1"

1/7/2022

View from the East leg of Chicory Road intersection observed by the County. This viewpoint corresponds with the Drivers line-of-sight from a vehicle stopped on Chicory Road. Forward movement would bring stopped vehicle into conflict with CTH-Y traffic. Yet, parked-vehicles hide CTH-Y traffic from view. Photographed from the highway approximately 12.5 feet East CTH-Y. Camera facing Southward.

EXHIBIT "2"

1/7/2022

View from the East leg of Chicory Road intersection observed by the County. This viewpoint corresponds with the Drivers line-of-sight from a vehicle already turning into CTH-Y traffic. Note approaching vehicle previously hidden from view at stop sign. Photographed from the highway approximately 5 feet East CTH-Y. Camera facing South.

The oncoming vehicle stands approximately 200 LF from the turning vehicle. Computations based on WisDOT standards indicate that the oncoming vehicle cannot stop in time to avoid a collision at the posted 40 m.p.h. speed.
