**COM ITEM # 38**

To Whom It May Concern:

We would like to request an extension for starting our garage. We have met with so many contractors over the last several months and none of them have taken on our job. We finally have a contractor lined up and also a concrete person.

We hope to begin mid April but the start date is dependent on the weather.

We both work full time and it is difficult to get to your meetings, but Jarmen has kindly offered to be there on our behalf and "go to bat" for us which is greatly appreciated.

Please don't hesitate to call us with any questions.

Thank you so much,
