6. M. Osterman introduced the item to repeal Section 20-1167 Procedures for Siting Livestock Facilities from the Racine County Code of Ordinances. C. Sampson provided some historical information regarding the procedures and how cumbersome and time-consuming the process is, including an application that is over 70 pages. The County Corporation Counsel is looking at this as well since there have been court cases due to this Ordinance, which is what Racine County would like to avoid. As there was no motion to take the action on this item by the Committee members, Chairman Osterman suspended it for further discussion until input is received from Corporation Counsel.
7. C. Sampson reviewed the list of grants to Racine County: Milwaukee providing \$15,000, which is a done deal. Undetermined amounts may be received from Kenosha and Waukesha Counties. A motion by R. Grove, seconded by J. Eckman to accept these transfers was approved by the Committee (7/0).

Rutkowski, seconded by G. Horeth to approve the letter of support in favor of the (MDV) Program. The motion was approved (6/0) – J. Eckman was not in the room for this vote.
