Racine County Veteran Services is hosting a community event to kick off Mental Health Awareness Month. The focus of this program is to offer a holistic approach to addressing mental health concerns and foster a supportive community environment.

The program includes a screening of the documentary *HERE. IS. BETTER.*, followed by a discussion and audience questions. Community partners will be on hand during this interactive event so guests can access resources and obtain support to improve their well-being.

This powerful, award-winning documentary interweaves the inspiring stories of men and woman overcoming the debilitating effects of PTSD with treatments that can work, bringing hope to millions.

This program will capture the attention of individuals within the community seeking a deeper comprehension of the significance of mental health and its impact on both individuals and society. Strategies for engaging in open discussions on the topic will also be discussed.

It is our hope that by integrating mental health education into our societal framework, we can help create a world where mental health is prioritized, understood and supported at every level.

Brought to the community from the  
SC JOHNSON GOLDEN RONDELLE THEATER  
1525 Howe Street, Racine, WI 53403  
At the intersection of 14th and Franklin Streets  
(262) 260-2154
