PUBLIC HEARING

A.	Dirk and Heather Mlachnik	-Waterford-	The proposed detached garage will have an insufficient street yard setback and will exceed the maximum aggregate total footprint area.
	9:06		
	9:18		

Czuta presented the petition. The Board heard public testimony and communications were read into the record. Dirk Mlachnik was present to answer any questions of the committee.

At the Board portion of the hearing, **HENDRIX MOVED, seconded by Chart,** to approve the petition as presented. **Motion carried unanimously. VOTE: 4/0**

The Board approved this variance request as The Racine County Public Works and Development Services Director had no objection pursuant to his correspondence dated June 3, 2024. Submitted documentation and public hearing testimony established a need for a detached garage of this size to protect the owner’s belongings from the effects of the outdoor environment and the need to preserve the substantial property rights of the owners that are also enjoyed by others in this area. The variance does not appear to be contrary to the purpose and spirit of the ordinance, as the proposed detached garage is consistent with the existing development in this area, the location should not impair visibility for traffic, and it should not compromise aesthetics. Insufficient lot depth, lot slope as well as other obstructions, create a hardship and limit the location for code compliant placement of a detached garage on this property. The request does not appear to create substantial detriment to adjacent property as there was no opposition shown at the public hearing and the public interest does not appear to be negatively impacted by this request. To comply with the ordinance would render conformity with such restrictions as unnecessarily burdensome.

The Board granted approval subject to the following conditions:

1. Before beginning this project, the applicant must obtain a zoning permit card from this office after paying the required fee of \$85.00 (24' x 28' detached garage). This card must be displayed in a prominent location at the project site. Also, a copy of these conditions must be kept at the project site at all times until the project has been completed.
2. This variance approval will expire on March 4, 2025, unless substantial work has commenced pursuant to such grant. If the zoning permit is obtained prior to the nine-month expiration date, this approval shall run concurrent with the zoning permit, and shall subsequently expire upon the expiration of the zoning permit. An application for extension may be submitted to this office before the expiration date and said extension request shall be placed upon the next available agenda. No construction may begin after such time unless the Racine County Board of Adjustment grants an extension in writing.
3. The proposed 24' x 28' detached garage shall be located and sized as shown on the submitted survey received by the Racine County Development Services office on May 9, 2024.
4. Prior to zoning permit issuance, the applicant must submit a mitigation plan to the Racine County Development Services office for review and approval that illustrates revised impervious surface calculations that inventories existing and proposed impervious surfaces and complies with impervious surface requirements. This plan must ultimately be recorded with the Racine County Register of Deeds office.
5. The applicant must allow full and unlimited access to the project site at a reasonable time to any Public Works and Development Services Department employee who is investigating the project's construction, operation, or maintenance.
6. The applicant is responsible for obtaining all necessary federal, state, and local permits, approvals, and licenses and for abiding by all applicable codes and regulations.
7. Minor changes may be approved by Development Services staff through a revised zoning permit if said changes are the same as or more in conformance with this approval. No other additions, deletions, or changes may be made to these conditions without the prior approval of the Zoning Board of Adjustment.
8. Failure to comply with the terms and conditions stated herein may result in the issuance of citation(s) and/or revocation of this approval/permit.

SCHAAL MOVED, seconded by Chart, to close the public hearing. Motion carried unanimously. VOTE: 4/0
