It was unanimous that the microphones in most of the courtrooms need to be replaced. Safety in the Courthouse is running smoothly. Workforce Development is in need of security. All Judges thanked Committee for listening. Judge Mueller suggested that members of the County Board do a “ride along” with a Judge to see how the Courtrooms operate. This had been done in the past. Supervisor Zenner-Richards said she would bring it up at the next County Board meeting. Also mentioned that per the bylaws, someone from the County Board should attend the quarterly Criminal Justice Committee meetings. Questions were taken from the Committee.

RE: **SEADOG Anti-Heroin Task Force Program Grant**

The Racine County Sheriff's Office currently administers the South East Area Drug Operations Group (SEADOG). SEADOG is a consortium of five counties (Racine, Kenosha, Walworth, Jefferson and Dodge) collaborating to fight illegal drug operations in southeast Wisconsin.

The US Department of Justice, through the Community Oriented Policing Services (COPS) recently selected the Wisconsin Department of Justice as recipient of the 2015 COPS Office Anti-Heroin Task Force Program Grant, to be administered by the Wisconsin Division of Criminal Investigation. SEADOG has been invited to participate in this grant. The grant objectives include allocating additional resources to local agencies for reimbursement of overtime hours spent on conducting heroin and opiate investigations, enhancing existing agency partnerships and intelligence sharing.

The SEADOG multi jurisdictional task force has been allocated \$75,000 per year from the grant for a total of \$150,000 over the two year project period. Racine County has been allocated \$15,000 per year for two years. This grant covers overtime for Sheriff's Office personnel, not to include fringe benefits.

We are requesting a resolution authorizing the County to seek the grant award in accordance with established accounting procedures, and we are requesting that the revenues be deposited in the appropriate account to replace the expenditures.

If you have any questions concerning this matter, please feel free to contact me. I will also have staff available at the Committee meeting to answer any questions that you may have.

Thank you,

Sheriff Christopher Schmaling

Sgt. Scott Krogh, Project Director
Racine County
SE Area Drug Operations Group
717 Wisconsin Avenue
Racine, WI 53403

Dear Sgt. Krogh:

It is with great excitement that I announce that the Wisconsin Department of Justice has been selected as a recipient of the 2015 COPS Office Anti-Heroin Task Force Program Grant, which will be administered by the Division of Criminal Investigation. As we are all aware, opiate and heroin abuse has devastated our state's communities in recent years, and many law enforcement agencies struggle with providing or dedicating resources to this issue.

The grant that has been received was requested with the following objectives in mind:

- Allocate additional resources for local Multi-Jurisdictional Drug Task Forces for reimbursement of overtime hours spent on conducting heroin and opiate investigations;
- Further enhance existing agency partnerships;
- Increase intelligence sharing;
- Enhance a statewide intelligence database that is populated with intelligence information i.e., telephone toll record information, links to people, locations and criminal events that would identify distribution networks in support of drug investigative enforcement efforts;
- Further enhance deconfliction efforts;
- Create a statewide list of resource agencies for law enforcement needing to identify service providers;
- Develop, in partnership with the Poison Control Center, a database tracking opioid-related overdose deaths.

The first listed goal is the reason for this letter. We would like to formally extend an invitation for your multi-jurisdictional drug task force/county to participate in this endeavor. This two-year collaborative project will commence January 1, 2016. Your task force/county has been allotted \$75,000 per year from the grant, for a total of \$150,000 over the two-year project period.

As part of this effort, we will be tracking specific performance measures, including:

- Number of heroin/opiate investigations opened;
- Number of search warrants served in heroin and opiate-related investigations;
- Number of heroin/opiate related arrests;
- Amount of drugs submitted to the crime lab for analysis in support of the prosecutorial process.

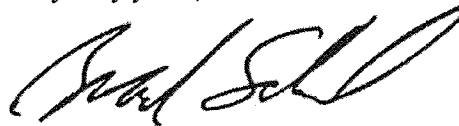

Our objective is to increase numbers in all of the above categories. In order to track progress, we will require that any investigations initiated by your agency, for which you will seek overtime reimbursement, are managed in the ACISS case management system. If you do not have access to ACISS, a statistical case-reporting form will be provided to you. Its completion will allow us to access the statistical data we must collect.

Finally, we request the presence of at least one person from your task force or agency at a meeting to be held early December, likely in the Stevens Point region. At this gathering, you will meet the statewide coordinator for this grant program, as well as regional coordinators in your area. You will also receive additional information as to the program's expectations and requirements. In order to accommodate as many of your schedules as possible, a Doodle Poll has been established to assist us in choosing the meeting date. That date will be confirmed as soon as possible and we ask that you please respond to the survey by December 4, 2015. The survey can be found at: <http://doodle.com/poll/v2g8uvd3ih8axiuk>.

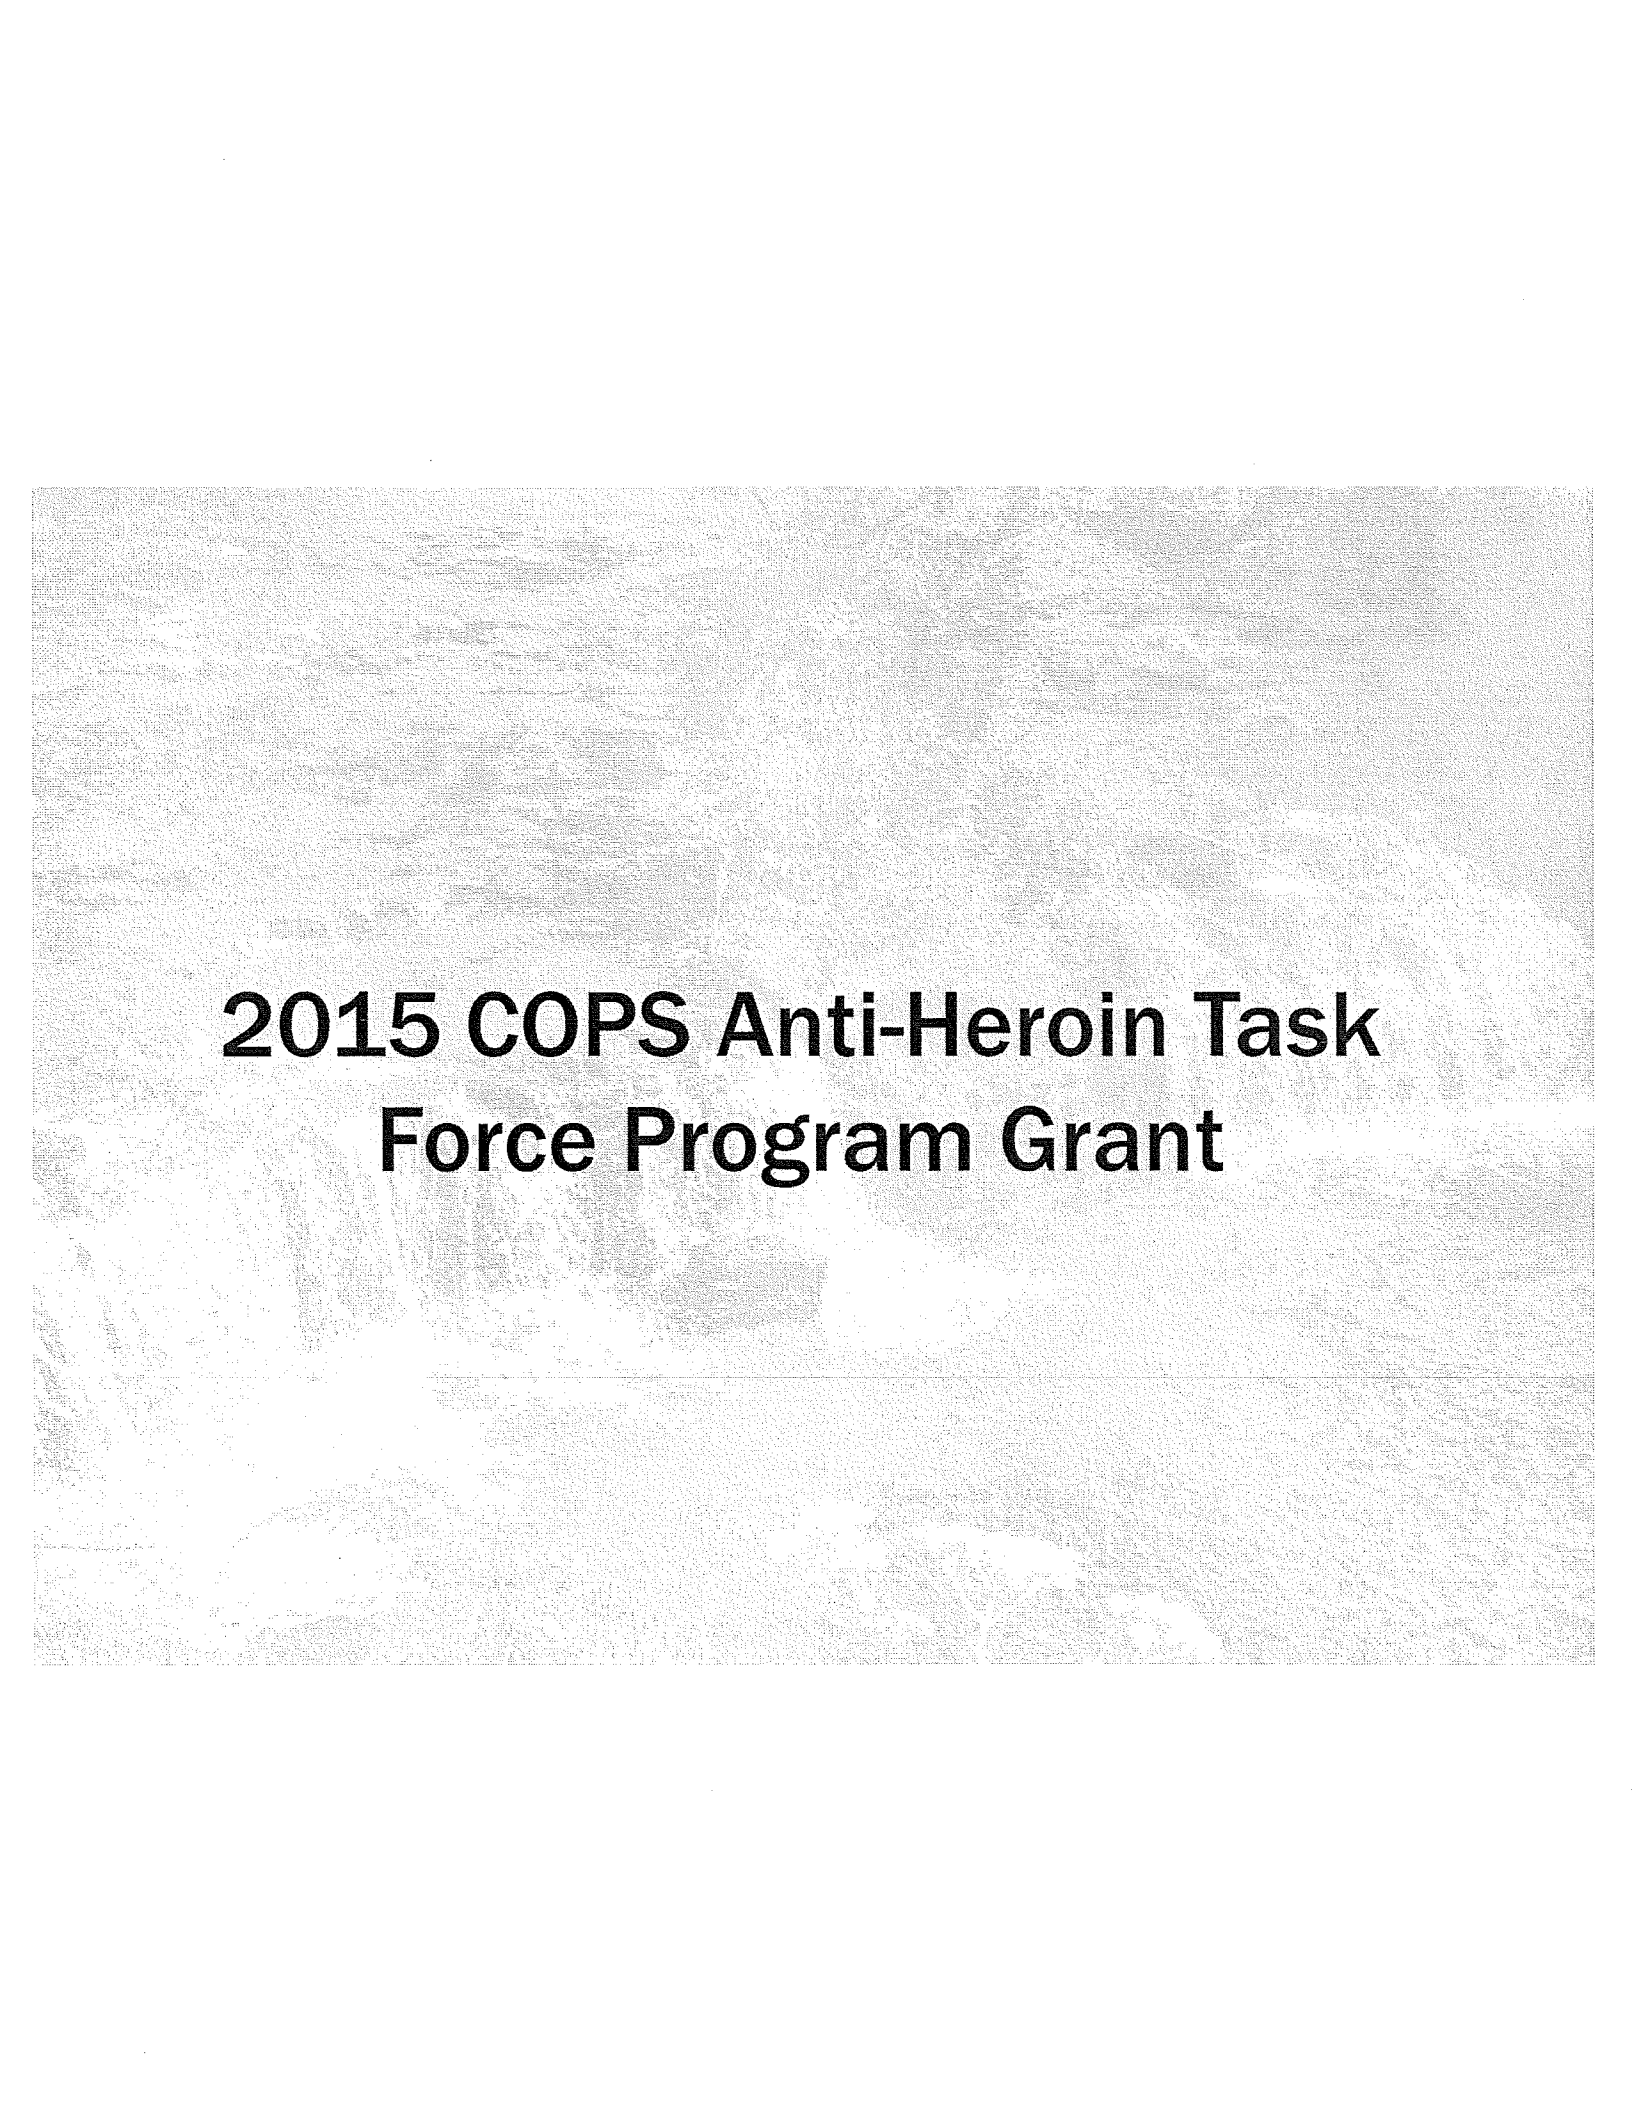

If you have any questions, please contact the grant coordinator, Special Agent in Charge Christina McNichol, at 414-227-2100 or mcnicholcm@doj.state.wi.us.

Thank you in advance for your participation in this grant program!

Very truly yours,

BRAD D. SCHIMEL
Attorney General
